

# BUILT ENVIRONMENT

## LIVING AND MOVING AROUND

This is a quick snapshot of what the City has heard you say and what we have done about it. For more information about what we are doing to achieve the community vision, please check out the Annual Reports, results from past Community Perceptions Surveys and some of the strategies and plans available on the City's website.

## YOUR VISION:

"We live in a place with a variety of quality lifestyle opportunities with a diverse, safe and integrated transport system."

### COMMUNITY GOALS

- Integrated, accessible, safe and sustainable transport options for the City
- Safe, well-designed and maintained roads in the City of Canning
- Protect and enhance the amenity and lifestyle within the City
- A range of housing for different lifestyles
- Landscaped Urban Spaces

We spent **\$32 million** during 2015/2016 delivering the goals for this theme.

### ACCESS TO HOUSING THAT MEETS YOUR NEEDS

**81%** (2015) from 76% (2013)  
of respondents are satisfied.

(Community Perceptions Survey 2015)

## STATISTICS

- 70,000 cars a day travel on Albany Highway
- 582km (length of roads)
- \$90,000+ savings per year due to solar panels on buildings
- 1920 planning applications received (generating \$1,665,355 income 2014-2016)
- 1893 building applications received (generating \$548,040.41 income 15/16)
- \$4.8mil upgrade to Kent St Weir
- \$5.7mil spent 15/16 on constructing footpaths and shared paths
- \$2.5mil spent 15/16 on rehabilitating and resurfacing the road network

## KEY STRATEGIES AND PLANS

- Kent Street Weir Local Area Management Plan 2013
- Canning Vale Sports Master Plan 2014
- Local Housing Strategy 2014
- Bentley Regeneration Project Local Structure Plan 2015
- Integrated Transport Strategy 2015
- Public Open Space Strategy 2015
- Draft Local Planning Strategy 2016
- Queens Park Local Structure Plan 2016
- Draft Cycling and Walking Plan 2017

## YOU WANTED, WE DELIVERED

### You Wanted

### We Delivered

"Continue to improve pedestrian and cycling infrastructure and pathways."

"Footpath upgrades in John St, Betula St, Ashburton St, Station St & Riley Rd."

"Strive to maintain attractive and diverse green spaces throughout the City to encourage outdoor activity, health and wellbeing."

"Turf renovations were completed on all of the City's active playing surfaces. Sand insertion project to improve the surface drainage was carried out at Queens Park Reserve. East Cannington Park was improved with new play equipment, shade sails, a barbeque and picnic spot, drinking fountain, extension to irrigation program and a cricket pitch."

"Recommend and encourage sustainable building and land use."

"Solar Panels have been upgraded from 30 Kw to 100 Kw at the Civic and Administration Building, Cannington Leisureplex and Riverton Leisureplex. In excess of 360 tonnes of CO2 is likely to be saved per year and this will provide an increase in electricity generation in excess of 300,000kWh per year."

"Promote road safety for all road users by providing a safe, efficient and well maintained road network."

"Approximately \$9.6 million was spent in 2015/16 and \$12.8M during 2014/15 on road improvement, road rehabilitation, road resurfacing, traffic management, footpath construction, street lighting and drainage improvements."

**HOW DO YOU THINK WE HAVE GONE ACHIEVING THIS VISION?
